CRAGUS TEAM RECOGNISED AGAIN BY EUROMONEY

DUBAI, UAE, JULY 14TH, 2022: The Cragus Group is delighted to congratulate four of their advisers on being recognized in Euromoney's *Guide to the World's Leading Tax Advisers* (2022 edition). Abdelhamid Attalla, Nabil Mestiri, Dr Robert Peake, and Mark Stevens were all nominated to appear by their clients and peers.

Cragus has had individuals successfully nominated in the guide in every edition since the firm's establishment in 2006; and has also had individuals appear in the sister publication, *Guide to the World's Leading Transfer Pricing Advisers* - notably Matthew Moriarty and Shiv Mahalingham in the most recent edition in 2021. In both the recent tax guide, and last year's transfer pricing guide, Cragus had more practitioners than any other single firm in the United Arab Emirates and in the Gulf Cooperation Council region

Whilst some of the Cragus individuals have changed over the last sixteen years, as has the economic climate, and the region's tax legislation has evolved rapidly, Cragus continues to be a leading independent tax practice across the Middle East & African region.

The Cragus Group would like to thank their clients and peers for their ongoing support, and also the research teams at Euromoney's Expert Guides, and International Tax Review's World Tax for their continued work.
